

## How to Download the ABT Education Hub App

1. Download the ABT Education Hub App for the best user experience on your mobile device.
2. Download the free app by searching “CloudCME” through the app store on your smart phone or tablet. Android and iPhone compatible.

3. Use *telemedicine* for the organization name when logging into the app. You will only need to complete this step the very first time you log into the app.
4. Use the email and password associated with your ABT Education Hub profile to log into the app.
5. The ABT Education Hub App will allow you to:
  - a. View and complete an online course
  - b. Complete your evaluation
  - c. View and/or download your certificate
  - d. View and/or download your transcript
  - e. Confirm and/or update profile information
